## Motions

(As of March 2024)

*Following discussion on the matter the meeting agreed (but did not formally adopt a motion) that organising committees must make a draw available to all competitors or at the very least display a copy of the draw in a prominent place so all competitors have the chance to check it before their run.*

25. Jim Marshall/Darcy Martin moved that the updated code of conducted (see below) be adopted and expanded to ban the use of all dummy electric training collars and that anyone found at a dog trial with or using a dummy electric training collar be banned from being a member of the association for 12 months.

### **Code of Conduct**

- Competitors must take all reasonable measures to ensure their dog is fit to compete (organising committees reserve the right to prohibit dogs judged to be hurt and or injured from competing).
  - Competitors are prohibited from bringing sick or diseased dogs to a trial (organising committees reserve the right to prohibit dogs judged to be sick or diseased entering the trial grounds/and or from competing).
  - The use of physical force against any dog – whether it's working or not- is prohibited.
  - The use of training collars on any dog – whether it's working or not - is prohibited.
  - All competitors must ensure the comfort of their dogs while at a trial – ie they must ensure dogs have sufficient food, water, shelter and toileting arrangements.
  - All competitors are required to show sportsmanship and conduct themselves with honour, integrity and decorum while in the trial arena.
  - Competitors are prohibited from using foul language while competing – anyone using foul language while on the course will be penalized through the loss of points (at judge's discretion) and given an official warning.
  - All competitors must treat the judge with respect.
  - All competitors to acknowledge that the judge's decision is final and that it is not subject to appeal.

## Motions

(As of March 2024)

28. Allan Fletcher/Jim Marshall moved NSWWSDA introduce a policy requiring all dog trial committees advise competitors via the newsletter/website what rules their event will be run under.
29. Jonathan Randle/Lew Molloy moved that the NSWWSDA not give a handler a re-run if one of their own dogs escape and enters the dog trialing arena when they are working another dog.
30. Dick Chapman/Steve Murray moved that the NSWWSDA adopt as a matter of policy that re-runs are held at the end of the round.
31. Dick Chapman/Steve Flatley moved that NSWWSDA adopt the NSW Mirror Course (based on North Coast rules) with the free work area a delivery not a hold, 60 points for general work and 40 points for obstacles, and five-minute time frame (the course allows committees the option to use re-run cattle more successfully).
32. Lew Molloy/Nikki Collison moved that NSWWSDA include in all its adopted rules that judging begins from the time the handler and dog enter the dog trialing arena until the time they leave the arena and those five points be deducted from the score of any dog which urinates or defecates in the arena within this time frame.
33. Steve Murray/Dave Bennett moved that the awards pointscore be brought into line with the State of Origin (both to run from July 1 to June 30 each year) and that the new time frame be introduced this year – meaning awards point scores for 2010 would run from only six months.
34. Scott Amon/Jim Marshall moved that NSWWSDA introduce a protocol for limiting entries to runs per dog trial, ie each handler can have a set maximum number of runs ie two, three, or four (or more or less up to the organising committee to decide) runs per dog trial with handlers to determine in which event they want those runs to be in, ie three in the maiden/novice and one in the open or perhaps none in the maiden/novice and three in the open. The combination is up to the handler to decide as long as runs are limited to the set number decided by the committee. Also, handlers be asked to nominate their dogs in order of weakest to strongest – ie list the dogs they prefer to have scratched first and dogs they prefer to run listed last in ascending order – so that dog numbers can be fairly limited. Also, handlers be advised when nominating that dogs may be limited.
35. Greg Wright/Kate Usmar moved that Jamie Shipman arrange to have a downloadable results sheet added to the website which committee members could download, fill in and email back to the pointscore co-ordinator; and that the NSW association send a results sheet (to be filled out and sent back) to show society's holding dog trials.
